If you do not find a name of a Mankato area resident that you expect to find, it is still possible an obituary was published in the newspaper. If you have the date of death the MSU Archives will look for un-indexed obituaries in the Mankato newspaper for a fee. The cost is \$25 and includes: research time, printing a copy of the obituary from microfilm and mailing it to you if found. A date of death is required for this search. This fee is charged prior to the search and is not refunded if no obituary is found.

Each obituary is \$15 apiece, including postage. Please allow 2 weeks to complete your request. Please complete the information requested above and mail along with your payment to the following address:
